Golf Advisor: Top 25 Friendliest Courses in the U.S. (2017 #19)

Outstanding golf experience!

My brother in law and I have played this course many times now. It is by far my one of my favorite golf courses to play in Michigan. The golf course is in great condition, challenging, but fair and very fun to play. The setting is beautiful! After golf, the clubhouse and grill will satisfy even the greatest food critic. Awesome selection of food and brew in a great setting. Service is excellent and the staff is top notch and friendly. If you love golf and have not played Stone Gate yet, get it on your schedule, you will not be disappointed! My bet is it will become one of your favorites too!

Best Course in Muskegon Area

Course is in phenomenal condition! Pro and all of the staff are top notch professionals. Great place to hold an outing. The staff literally does everything for you from setting up the signs to the restaurant staff.
